

Topics of Theory of Neurosciences: Behavior and Emotions

Filesize: 1.19 MB

Reviews

It is one of the best books. Indeed, it really is a play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Sofia Yundt)

Lulu.com, United Kingdom, 2008. Paperback. Book Condition: New. 229 x 152 mm. Language: Italian . Brand New Book ***** Print on Demand *****.This is essentially an essay of theory of neurosciences. It is not of psychology, that is an applied science, according to me. It is not a popular manual of how to manage our emotions. Despite the aspect, it is not a philosophical paper, but it is obvious the great interest of these disciplines on it. But also of A.I., sociology, theology, and so on. The models are described by a synthetic and unorthodox way. Some passages are very difficult to understand without a solid background (and an open mind too.).
