Createspace, United States, 2010. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.The BlackBerry Smartphone is one of the most top used phones in the business world. It's strong and secure operating system has been on the market for years, proving itself against all competitors time after time. But in a world where customers are demanding more apps, it has some major competition coming from the Apple iPhone and Android OS based smart phones. This book is designed to help you focus on bringing your BlackBerry Mobile OS Apps to life. When creating an app for a mobile device, size and design are a crucial part of the mix. It's not enough to have a good idea, but you need an idea that works and is easy to use on a small touch screen surface. One of the reasons why some apps make it and others don't is because they took the time to plan out their app, see how it works looks before even writing down one piece of code. This simple process of spending time in concept and design changes everything. It's a critical part of the app evolution process to having a good, successful and well thought out app. This book gives you a tool to do just that. It is setup to give you a place to put down your initial app scope, and then go more into detail on what your screen will do. Followed by the chance to sketch it out and see your app come to life before going into code to create it. By having a place where you can create all your screens with the details, it saves you time and money by allowing you to change...
