Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Dorling Kindersley Ltd. Paperback / softback. Book Condition: new. BRAND NEW, The Complete Idiot's Guide to Baby Sign Language (2nd), Diane Ryan, Baby sign language has quickly become a national phenomenon garnering significant attention in the media and among child health experts. Simply put, baby sign language provides a way for parents to communicate with their hearing babies before they can speak. By teaching infants a few basic gestures or signs, parents are able to bridge the gap between the gurgling stage and the time when babies are actually able to talk. This easy-to-follow book illustrates 150 of the most common and useful signs. Signing with your baby not only results in a happier and less frustrated child but, research shows, one who will speak earlier and have a higher IQ. *150 of the most popular signs *An express program for quicker results *Games and activities to make signing more fun.
