Open University Press. Paperback. Book Condition: new. BRAND NEW, Really Managing Health Care (2nd Revised edition), Valerie Iles, Praise for the first edition: "Valerie Iles has such a sensitive no-nonsense style that she easily succeeds in seducing the reader to accept her arguments about what is going so badly wrong with management in health care .The case studies can only be described as 'gems'.But perhaps the greatest message this book can give to the NHS, and health care managers in particular, is that change is unstoppable. Written specifically for people suspicious of management jargon, Really Managing Health Care is designed for service leaders from across health and social care, and introduces ways of approaching the management task which recognize the particular dynamics of...
