

Masquerading Symptoms: Uncovering Physical Illnesses That Present as Psychological Problems

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

(Dr. Lukas Hills DDS)

MASQUERADING SYMPTOMS: UNCOVERING PHYSICAL ILLNESSES THAT PRESENT AS PSYCHOLOGICAL PROBLEMS

John Wiley and Sons Ltd, United Kingdom, 2014. Paperback. Book Condition: New. 1. Auflage. 229 x 155 mm. Language: English . Brand New Book. The definitive resource to the signs, symptoms, and patterns of medical diseases that CAN present as psychological problems This invaluable reference enables clinicians, as well as patients and their families, to become more familiar with these medical conditions and how they may masquerade as mental disorders. Part One of this book is organized so that it corresponds to the sections of the Standard Mental Status Exam. It is composed of clinical presentation descriptions that direct the reader to the medical diseases described in Part Two that may be contributing to the patient's discomfort. Without medical jargon, Barbara Schildkrout lucidly explains how patients with each medical condition may end up seeking help from a mental health professional. The conditions explored in this book include: * Alzheimer's disease * Brain tumors * Carbon monoxide poisoning * Diseases of the thyroid * Endocrine disorders * Hepatic encephalopathy * HIV/AIDS * Hyperventilation syndrome * Hypoglycemia * Limbic encephalitis * Lyme disease * Syphilis * Thiamine deficiency * Traumatic brain injury The book also describes a proven process for working with patients during and after the referral process, and integrating medical findings into ongoing therapeutic work. All mental health professionals need access to this information, and Masquerading Symptoms puts it all in a single, easily navigated reference. BARBARA SCHILDKROUT, MD, is an Assistant Clinical Professor of Psychiatry at Harvard Medical School. She has taught for many years at the Beth Israel Deaconess Medical Center. She has a Subspecialty Board Certification through the United Council for Neurological Subspecialties in behavioral neurology and neuropsychiatry and has maintained a private clinical practice in the Boston area for over 25 years.
