Reviews

*A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.
(Dr. Grady Jacobi DDS)*

HISTORY OF TUBERCULOSIS: FROM THE TIME OF SYLVIUS TO THE PRESENT DAY BEING IN PART A TRANSLATION, WITH NOTES AND ADDITIONS, FROM THE GERMAN OF DR. ARNOLD SPINA; CONTAINING ALSO AN ACCOUNT OF

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from History of Tuberculosis: From the Time of Sylvius to the Present Day Being in Part a Translation, With Notes and Additions, From the German of Dr. Arnold Spina; Containing Also an Account of the Researches and Discoveries of Dr. Robert Koch and Other Recent Investigations No other event in the history of the investigation of disease has at once attracted such universal attention and interest as did the announcement by Dr. Robert Koch, in 1882, of the discovery of the bacillus tuberculosis. The alarming prevalence, the obscure origin, and the almost invariably fatal termination of tuberculosis, render a better knowledge of it most highly desirable. It is the aim of this volume to supply a history of the study of tuberculosis from the earliest times to the present day. The records of the investigations relating to this subject are scattered every-where throughout medical literature, especially in the periodical journals. To discover and compile all these fugitive data was no easy task. The first five chapters of this work are a free translation, with a few notes and additions, of the first part of the very valuable work of Dr. Arnold Spina, titled Studien uber Tuberculose, which has just appeared in Germany. Dr. Spina is the first assistant in the laboratory of Prof. Strieker at Vienna, and is a most formidable critic and opponent of the theories of Koch. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
